The following is an examiner's statement of reasons for allowance:

Commonly assigned Barnett (US and WO) is being made of record. While it

describes pyrazines within the instant scope it is not a competent reference

as applicants are entitled to benefit of US provisional case. Barnett's

effective filing is not earlier. The US case is currently pending but not yet

examined. Applicants should inform the examiner handling Barnett of the

existence of the instant case.

Any comments considered necessary by applicant must be submitted

no later than the payment of the issue fee and, to avoid processing delays,

should preferably accompany the issue fee. Such submissions should be

clearly labeled "Comments on Statement of Reasons for Allowance."
